

Carers Webinar

12.30PM ON FRIDAY 13 NOVEMBER 2015

ADASS Y&H and PCG Care Solutions are introducing a series of Webinar sessions to let you know about the latest developments on the CtS platform. Webinars are web-based seminars, so there is no travelling time and no costs. You just need to be at your computer, log in and you will be able to join the session.

The first Webinar will be about carers. We have chosen this issue as we know it is something you are all thinking about and working on. During the session you will be able to hear about what different councils are developing on the CtS platform for carers. What is currently working and the lessons learned.

There will be a presentation about the Birmingham Carers Hub "Time for Me" initiative, which went live earlier this year as an alternative to short breaks vouchers and carers grants. It is already a success with over 400 carers being allocated and spending a virtual budget online via a local eMarketplace. You will also be able to hear about developments in the region with a carers initiative in East Riding and the work Kirklees are doing based on their online assessment user testing.

Interested?

If you want to know more about the sessions, or to register then please e-mail:

Clare Coates coatesclare@aol.com or

Lee Jones lee.jones@shop4support.com

They will register you for the Webinar.

Don't worry if you are not available to join the session live, you will be able to watch the recording later, again please send us your contact details and we will send you details of the records.
